Founder: Ravi Raj Singh · Co-Founder: Anurag Singh

WHO WE ARE

Company and institute, together

ARRAY DIGI-TECH is the company. DISM is its training institute.

ARRAY DIGI-TECH

The company behind the institute. Creative Mindset · Progressive Approach · Successful Result. Sampatchak Market, Patna 07.

DISM · DIGITAL INDIA SKILL MISSION

The training brand and institute of ARRAY DIGI-TECH. It runs the four courses in this portfolio.

4	40	2 h	75%
courses	seats per batch, courses 1–3	every day, courses 1–3	practical work, courses 1–3

HOW EVERY DAY WORKS

SEE 30 min | DO 75 min | SHOW 15

SEE

The trainer shows the work on screen in simple words.

DO

You then do the work yourself, in pairs. Stuck? Ask your partner, then search, then the trainer.

SHOW

At the end, show your result and one thing you learned.

Monday to Thursday: learn and do · Friday: Project Lab · Saturday: Proof Day with show, quiz and section test.

LEADERSHIP

The vision behind the mission

In their own words: two founders, one promise. Practical digital skills for every learner, including learners in rural India.

"

VISION

Empowering India through digital practical legacy and rural digital development.

Ravi Raj Singh
FOUNDER

A digital practical legacy means skills that are learned by doing and passed on from one learner to the next. Rural digital development means bringing computer, internet, AI and creator skills to rural learners, so that they learn the same skills that city students learn.

"

VISION

Connect rural students to the mainstream and create local job options.

Anurag Singh
CO-FOUNDER

Rural students learn the same tools and projects as anyone else, in simple words, and build a portfolio they can show. The aim is to work toward more local work options near home, such as freelancing, digital services and content creation.

TOGETHER

Together, the Founder and the Co-Founder are building DISM-Sampatchak: a customised, high-level skills training institute for rural children and youth, run by ARRAY DIGI-TECH.

Ravi Raj Singh, Founder · Anurag Singh, Co-Founder

OUR MISSION

A skills institute built for rural children

DISM-Sampatchak is a customised, high-level skills training institute for rural children and youth.

Customised here means simple words, Hindi and English together, pair work, a project in every section, free tools first, and a badge for every skill. Students from Class 8 can start.

DIGITAL PRACTICAL LEGACY

Every section ends with a project you can show. Learning by doing is the method, not an extra.

RURAL DIGITAL DEVELOPMENT

Computer, internet, AI and creator skills taught in simple words, with no costly tools needed to start.

CONNECT TO THE MAINSTREAM

The same tools, the same projects and the same standards as any city learner.

LOCAL JOB OPTIONS

Skills for freelancing, shop digitalisation, content creation and digital services close to home.

CREATIVE MINDSET · PROGRESSIVE APPROACH · SUCCESSFUL RESULT

Creative Mindset

Think of new ways to solve a local problem, and use free tools to try them.

Progressive Approach

Improve step by step: section by section and badge by badge.

Successful Result

A visible project, a badge and a certificate you can show.

LEARN. BUILD. GROW.

Learn

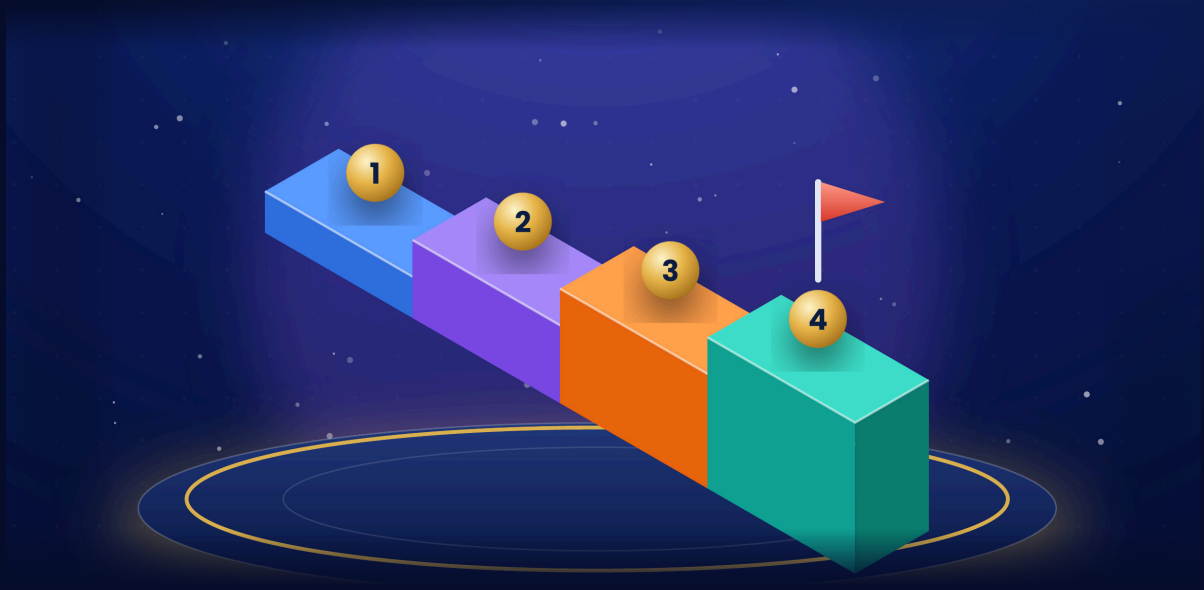

Watch, ask and try with a trainer and a partner beside you.

Build

Make a real project in every section, with your own work.

Grow

Add to your portfolio and move on to the next course.

FOUR COURSES, ONE PATHWAY

Start here. Grow step by step.

Digital Expert

4	**Cyber Safety: Fraud, Crime and Related Issues** Week 7	Cyber Smart	Cyber Emergency Card and quiz
5	**Social Media Optimization** Week 8	Social Starter	Social Media Kit and Final Digital Kit

Tools used: Windows, Android, Chrome, MS Word, Excel, Outlook, Teams, Google services, UPI apps (demo), DigiLocker, NCS, UMANG, IRCTC, Facebook, Instagram.

COURSE 02 OF 04

AI Master

Prompt, make, check, improve, show **3 months · 12 weeks · 144 hours**

Fee: ₹5,999 full course or ₹2,000 per month

WHO CAN JOIN

Digital Expert graduates, or students with basic computer, internet and Gmail skills. A lab computer and a smartphone with a camera are used.

WHAT YOU GET

5 projects, an AI Pack of images, video and voice, a portfolio and a certificate.

AFTER THIS COURSE YOU CAN

Write prompts that give usable results and fact-check AI answers; plan content and write captions, scripts, blogs and a 30-day calendar; make HD and 4K-ready images, posters and thumbnails with free AI tools; make and edit short AI videos and reels with captions; add AI voice-over.

THE 5 SECTIONS, BADGES AND PROJECTS

1	**Prompt Pilot: AI Basics and Importance of AI** Weeks 1–2	Prompt Pilot	Prompt Book and fact-check list
2	**Content Creator and AI Content Writer** Weeks 3–5	Content Creator	Idea Bank, post pack (captions, scripts, ads), 30-Day Content Calendar and blog
3	**AI Image Generator (free tools, HD and 4K quality)** Weeks 6–7	Image Maker	AI Image Pack (10 images) and product image set
4	**AI Video Generator (free tools, HD and 4K quality)** Weeks 8–10	Video Maker	Video Pack: 3 reels and 1 explainer
5	**AI Voice Generator (free tools)** Weeks 11–12	Voice Maker	Voice-over for your video and AI Master Final Kit

Tools used: ChatGPT, Gemini, Claude, Perplexity, NotebookLM; Microsoft Designer, Ideogram, Leonardo, Canva; CapCut and free AI video tools; ElevenLabs free plan, CapCut voice, Audacity. Free plans change, so the trainer checks before each batch.

COURSE 03 OF 04

Creator Pro

Blog, podcast, shoot, design and edit

6 months · 24 weeks

Fee: ₹11,999 full course or ₹2,000 per month

WHO CAN JOIN

Digital Expert graduates, or students with basic computer and internet skills. A phone with a camera is helpful.

WHAT YOU GET

5 projects, a Creator Folder, a portfolio and a certificate.

AFTER THIS COURSE YOU CAN

Start, write and publish a blog; plan, record, edit and publish a podcast episode; shoot clear photos and videos with a mobile phone; design a logo, banner, thumbnail, poster and visiting card; edit photos and videos with captions and music; work honestly with permission, rights and no fake content.

THE 5 SECTIONS, BADGES AND PROJECTS

1	**Blogging** Weeks 1–5	Blogger	Live blog with About page and a five-post blog
2	**Podcasting** Weeks 6–9	Podcaster	First podcast episode and Podcast Pack
3	**Video and Photo Shoot** Weeks 10–14	Shooter	Photo Set and Shoot Pack
4	**Designing: Logo, Banner and Thumbnail** Weeks 15–19	Designer	Brand sheet and Design Pack
5	**Editing: Video and Photo** Weeks 20–23	Editor	Photo Pack, Video Pack and Creator Pro Final Kit

Tools used: Blogger or WordPress.com, Spotify for Creators, Audacity, CapCut, DaVinci Resolve (intro), Snapseed, Lightroom mobile, Canva, Photopea, free AI chat for ideas. Free tools change, so the trainer checks before each batch.

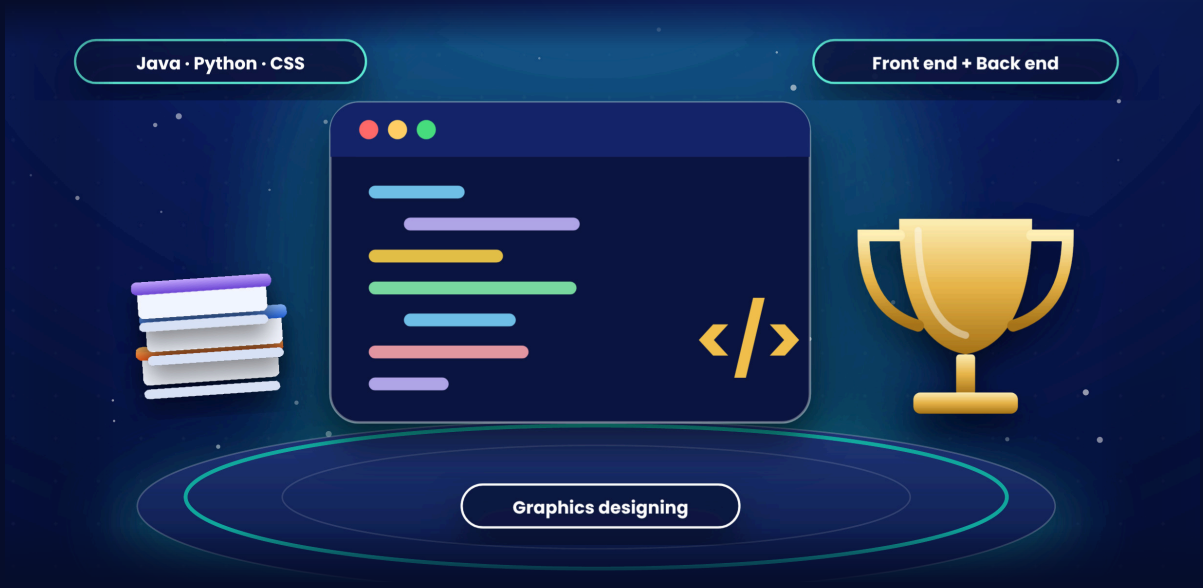

Creator
Blog and podcast from your own story

Influencer
Clear photos, reels, captions and thumbnails

Video editor
Trim, captions, music, logo and 9:16 export in CapCut; DaVinci Resolve (intro)

Freelancer
Logo, banner, thumbnail, poster, visiting card and a portfolio to show clients

Week 24: Final Theory Paper and Final Practical on Friday, then Demo Day on Saturday. We teach original work, permission and rights. We do not promise jobs or income.

COURSE 04 OF 04

Career Plus

Coding, web development and graphics designing for your career

Paid course · Duration and fee: ask us

WHO IT IS FOR

Dedicated learners who want to learn coding and web development seriously, and build a career in a private company, a big tech company, or as a self-dependent entrepreneur running a successful business.

GOALS IT IS BUILT FOR

Jobs in private companies, with the aim of reaching top MNCs, or a business of your own.

SUPPORT BEYOND THE CLASSROOM

Guidance on government-registered courses and on courses from tech companies such as Google and Microsoft; help to find and apply for internships in large tech companies; and placement support.

TO BE CONFIRMED

Syllabus, duration, fee, eligibility and first batch date. Call or WhatsApp +91 9142651814.

Internship and placement support means guidance and help to apply. We do not guarantee any job, internship or income.

Coding

Java, Python and CSS

Web development

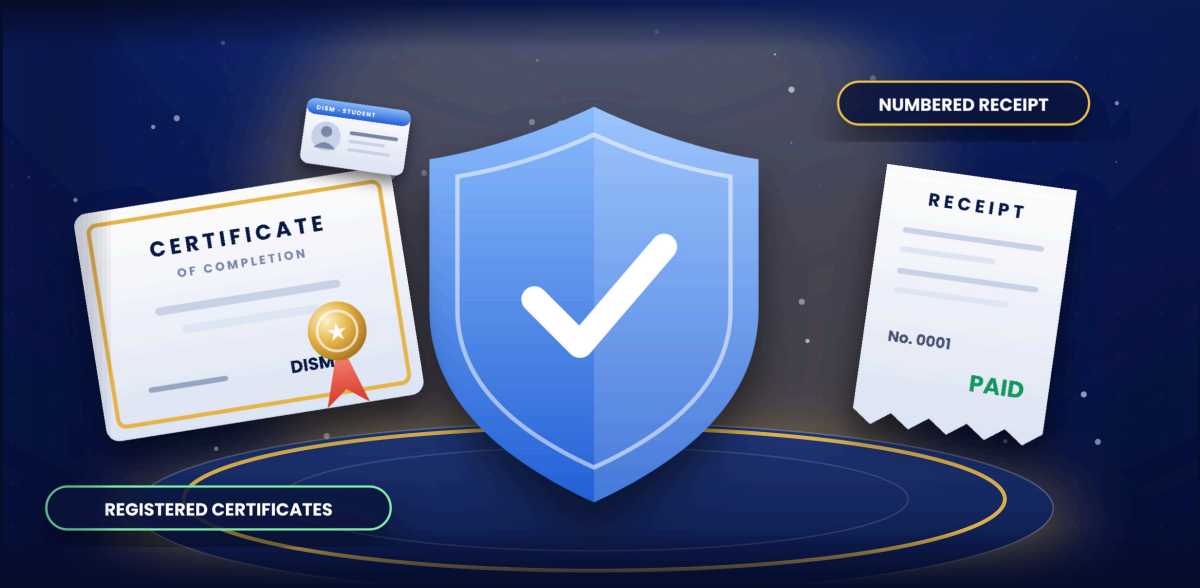

Front end and back end

Graphics designing

Design skills for a job or your own business

Customised training

Planned around what small and big private-sector employers ask for

OUR IDENTITY OF TRUST

The DISM Trust Pledge

Six promises you can check yourself. Nothing here depends on trusting our word alone.

1 · Numbered receipt

Every payment gets a numbered receipt. Pay only at the institute counter or to the official UPI ID **ravi.r472@ptyes** (name shown: Ravi Raj).

2 · Registered certificates

Each certificate has a registration number, such as DISM/DE/2026/0001, the DISM logo and a hologram watermark. Numbers run in order and are never reused.

3 · Verify in one call

Call or message **+91 9142651814** with the certificate number and student phone, or use the Portal tab of the DISM app. We confirm name, course, score and date.

4 · Never OTP, PIN or password

We never ask for an OTP, UPI PIN, password or card number. Do not send them to us.

5 · Complaints answered

We acknowledge every complaint within 2 working days with a complaint number, and aim to reply with action within 15 days. No one is punished for a good-faith complaint.

6 · Your data and photos

We follow the principles of the Digital Personal Data Protection Act, 2023. Photos and videos are used only with written consent; for students under 18 we take a parent or guardian's consent.

CERTIFICATES

CERTIFICATE OF COMPLETION

60 marks and above with 80% attendance.

CERTIFICATE OF EXCELLENCE

80 marks and above with the Final Kit.

SKILL BADGE CERTIFICATE

One for each of the five sections of a course.

AN HONEST NOTE

These are institute skills certificates of a private institute. They are not government certificates, degrees or diplomas, and they do not promise a job.

Forging, altering or selling certificates is a crime and leads to cancellation and police action. Cyber fraud using the institute name is reported to the police and 1930.

FEES AND JOINING

Simple fees, stated clearly

First batch: 01 Nov 2026 · 40 seats · call to check seat availability

DIGITAL EXPERT · 2 months

₹2,999 full course fee
or **₹1,500** per month

AI MASTER · 3 months

₹5,999 full course fee
or **₹2,000** per month

CREATOR PRO · 6 months

₹11,999 full course fee
or **₹2,000** per month

CAREER PLUS · paid course

Fee and duration: **ask us**
Call or WhatsApp +91 9142651814

REGISTRATION

The registration fee is Re 1, paid by UPI. It records your seat request and is not refundable.

GOOD TO KNOW

Fees are told in writing at the institute before you join and can change for later batches. Pay only at the institute counter or to the official UPI ID, and always take a numbered receipt.

REFUNDS

Cancel in writing before the first class: course fee refunded in full, except the registration fee, within 15 working days. Cancel within 7 days of the first class: 50% of the course fee. After 7 days: no refund, but the seat can be transferred with the Director's written approval.

DIGITAL FUTURE OPEN DAY

Free entry with limited demo seats. Explore creator skills, discover AI and build digital confidence. Call or WhatsApp for the date.
